

General Emergency Services

Adapted from the National Emergency Services Curriculum Project

Part 1 General Emergency Services

- Missions
- Qualifications
- Activation
- Sign-In
- Risks
- Responsibility

- Bloodborne Pathogens
- Negligence
- Posse Comitatus
- Media & Bystanders
- Reimbursement
- Partner Agencies

Missions

P-0001

- Search and Rescue (ground and air)
- Disaster Relief
- Reconnaissance
- Counterdrug
- Transportation

Missions (Continued)

MOUs

- Air Force Rescue Coordination Center (AFRCC)
- Federal Emergency Management Agency (FEMA)
- Red Cross
- Federal Aviation Administration (FAA)
- National Oceanic and Atmospheric Admin. (NOAA)
- National Weather Service (NWS)
- Salvation Army
- U.S. Customs
- Drug Enforcement Administration (DEA)
- State Agencies
- Others

Missions (Continued)

EÖS

- Three areas of qualification
 - Ground and Urban Direction Finding Teams
 - Ground Team Leader
 - Ground Team Member

- Scanner
- Observer
- Mission Pilot

GENES.ppt

Last Revised: 14 June 2004

Qualifications

P-0002

- CPPT/Level I for senior members
- Achievement 1 for cadets
- Pass CAP Test 116
- Current CAP Membership
- CAPF 101 (or computer roster)
- Trainee status for other specialties
 - Mission Staff Assistant recommended for those without a planned specialty
- Maintaining Proficiency (last day of 36th month)

Qualifications Continued

 Most specialty qualifications generally expire 3 years from the date the qualification was attained. Exceptions are:

Specialty Exceptions	Reason for Exception	
General Emergency Services	Specialty expires only if a new CAPT 116 is issued	
Transport Mission Pilot	Specialty expires if CAP pilot status is revoked	
SAR/DR Mission Pilot	Specialty expires if CAP pilot status is revoked or CAPF 91 lapses	
Air or Ground Radiological Monitor	Currency requirements as approved by CAP/DOS	
Critical Incident Stress Team	Specialty expires when the member is removed from a CAP CIST	

General ES (GES)

- The General Emergency Services rating is required of all individuals qualifying in emergency services and will be completed prior to commencing training of any other specialty.
- Successful completion of the CAPF 116 ES Questionnaire (corrected to 100%) along with basic membership requirements qualifies the member in the General Emergency Services rating

Last Revised: 14 June 2004

Specialty Rating Requirements

- All personnel will conduct training using the National Task Guides. (check National Ops website)
- Prerequisites must be completed prior to initial training requirements.
- Familiarization and preparatory training
- GENE Advance distinaining

Specialty Training

- Personnel are authorized to train for the specialty rating qualifications by their unit commander (including approved emergency services school directors) except incident commander or agency liaison
- Training to qualify is expected to take place within two years.
- All training must be certified as complete by a qualified evaluator (members cannot certify their own training) Last Revised: 14 June 2004

Partner Agencies

P-0006

- FEMA Federal Emergency Mgt Agency
- AFNSEPAir Force National Security
- AFRCC Emergency Prep.
- NTSB Air Force Rescue Coordination Center

National Transportation Safety

Board

Activation

P-0004

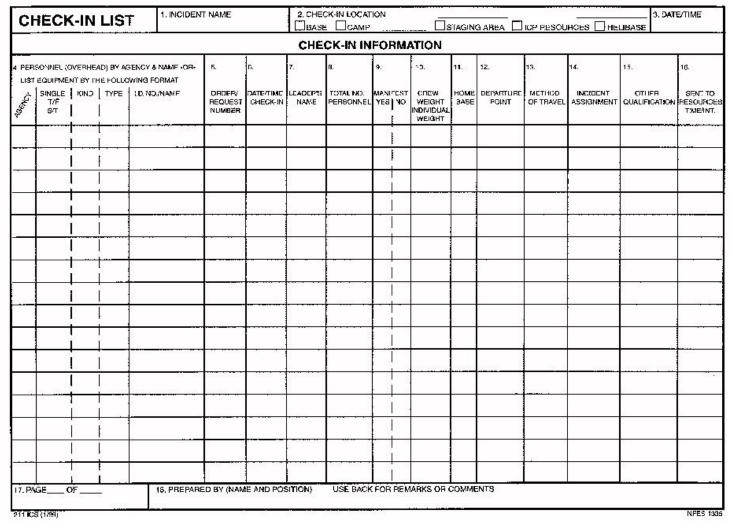

- Agency
 - CAP does not activate itself
- CAP Wing
 - An Incident Commander is assigned
 - Using wing notification roster/pager/website
- Mission qualified wing members answer the response

Sign-In

- Individual qualifications need to be known to mission planners, and thus personnel are normally requested individually to participate
- Sign-in confers FECA/FTCA coverage
 - Personnel and vehicles will be logged on the ICS Forms 211 and 218 respectively with incoming team or aircrew paperwork
 - Personnel need to be sure that they are recorded on the Unit Log by the assigned supervisor on the ICS Form 214
- Further assignment at sign-in Last Revised: 14 June 2004

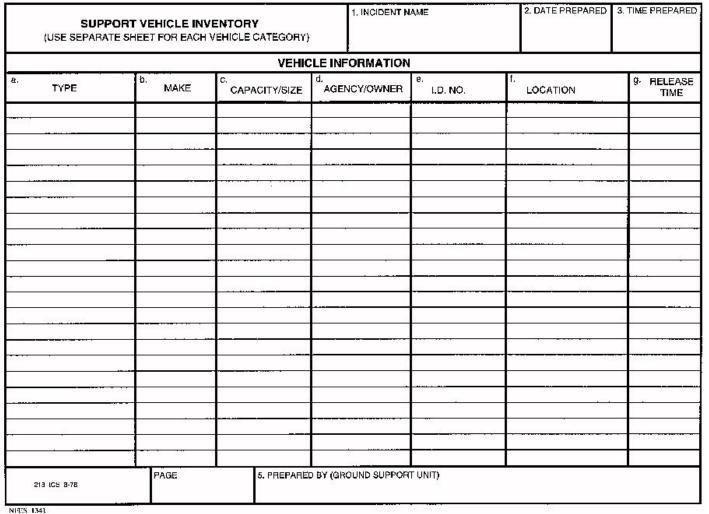

ICS Sign In Form 211

ICS Form 218 Vehicle Sign

In

GENES.ppt

Last Revised: 14 June 2004

Risks

- Travel to and from mission base
- Operating without proper rest or nourishment
- Electrical or antenna wires
- Turning propellers
- Do not take unnecessary risks
- SAFETY IS OUR NUMBER ONE PRIORITY

Responsibility

- P-0010
- CAP ES members should obtain and read copies of the current operations and emergency services publications
- Again, CAP members have NO special dispensations over an ordinary citizen
- Individuals who put themselves, other members, or the corporation in jeopardy by disregarding laws and policies will be targeted for restraining action

Bloodborne Pathogens

O - 0901

- Diseases transferred by contact with human blood and bod
 - Hepatitis B
 - AIDS
 - Others
- Exposure exists at accident/crash sites

Bloodborne Pathogens (Continued)

- Prevent by staying away from blood and body fluids
 - Engineering controls
 - Hand washing facilities, eye wash stations, etc.
 - Work practice controls
 - Using sharps containers, hand washing, using barriers, etc
 - Personal protective equipment
 - Gloves, masks, gowns, face shields, tyvek suits, etc.

GENES. Iniversalt precautions

19

• Treat all blood and body fluids as if

Negligence

- Failure to exercise that degree of care that a reasonable person would exercise under the same circumstances
- Degrees Slight, Ordinary, Gross
- Key = perform to your level of training
- Not normally a problem
- Protection through "Good Samaritan" laws

GENES.ppt

Last Revised: 14 June 2004

Posse Comitatus

P-0009

- Prohibits CAP from engaging in law enforcement activities other than reconnaissance of property or transport of personnel and equipment, while on an
- CAP members may not carry firearms, participate in detention or arrest of persons or seizure of property or conduct surveillance of personnel and equipment

Posse Comitatus

EUS

- (Continued)
- CAP members may not be deputized
- No authority to restrict persons by force
- May provide passive assistance to law enforcement
- Can do passive site surveillance (NTSB)
- No trespassing allowed
- NO special dispensations

Media & Bystanders

- Why must information be controlled?
 - Family privacy, discriminate false reports, etc
- To whom do we direct inquisitor and why?
 - Only the Incident Commander or Information Officer may release details
 - Target details influence witness interviews
 - Undue speculation
 - Family needs to know first GENES.ppt last Revised: 14 June 2004

Can answer general guestions about

Media & Bystanders

(Continued)

- Discuss target description or ex
- Discuss search or results
- Give opinions
- Be rude or bossy
- Never say "No Comment" -Direct them to appropriate leader.

Media & Bystanders

- (Continued)
- You Should:
 - Be friendly and courteous

Last Revised: 14 Ju

- You are a CAP member and working a mission
- Direct them to person responsible for media
- Be alert for information bystanders may have

Reimbursement

F-0001

- Limited reimbursement available on AF reimbursable missions for:
 - Aircraft flight hours
 - Member-owned aircraft maintenance
 - Communications
 - Vehicle fuel and oil
 - Equipment and personnel MUST be properly signed in to the mission for reimbursement
- CAPF 108 (turned in a timely manner)

Part 2 Incident Command System

P-0005

Span of Control

Unity of Command

Common Terminology

Titles and Support Title

Organizational Level

Resource Types and Conditions Facilities

Unified Command

Introduction

- ICS IS USED TO MANAGE EMERGENCY AND NON-EMERGENCY EVENTS
- ICS WORKS WELL FOR BOTH SMALL AND LARGE SITUATIONS

Introduction Continued

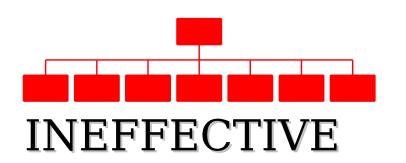

"The combination of facilities, equipment, pers procedures, and communications, operating wi common organizational structure with respons for management of assigned resources to effect direct and control the response to an incident."

Last Revised: 14 June 2004

Span of Control

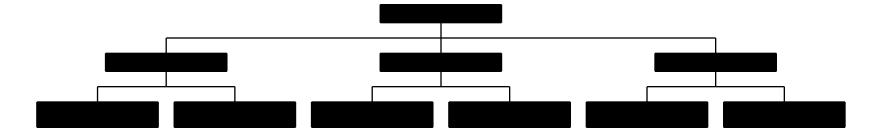

Unity of Command & Chain of Command

- UNITY OF COMMAND: Clear line of supervision
- CHAIN OF COMMAND: Orderly ranking of management positions in line, of authority of authority and some some statement positions in the statement of authority of
